MEMORANDUM FOR: Project Director

SUBJECT: Review of Special Estimate on Soviet
Protest to AQUATONE Operations

1. At your request, I indicated to Mr. Amory the desirability of the revision of the subject estimate in anticipation of the Presidential briefing 1 March 1957. He indicated that he would have the matter reviewed with Mr. Kent.

2. I have learned today from his office, through [REDACTED] that there is no review of that paper intended by Mr. Amory. I am not aware of the reason. You may know what explanation there is or you may wish to talk to Mr. Amory about it.
